Project Location:

Assessors Map # _____ Lot # _____ Project Address _____

Please send two copies of the completed form to Dalton Stormwater Management Commission, Town Hall, 462 Main Street, Dalton, MA 01226.

B. Determinations

As the applicant I request the Dalton Stormwater Management Commission make the following determination(s): Check any that apply.

Whether the activity described and depicted on the plan(s) and/or map(s) referenced below is subject to the Town of Dalton Stormwater Management and Erosion Control Bylaw

Whether the Activity described in this request which the applicant proposes to perform is exempt from coverage of the Town of Dalton Stormwater Management and Erosion Control Bylaw because the attached documents indicate:

- The activity is normal maintenance and/or improvement of land in agricultural use as defined by the Wetlands Protection Act regulation 310 CMR 10.04;

- The activity is maintenance of existing landscaping, gardens or lawn areas associated with a single family dwelling;
- The activity is the construction of fencing that will not substantially alter existing terrain or drainage patterns;
- The activity is wholly subject to jurisdiction under MGL 131 sec 40 (Wetlands Protection Act);
- The activity is the construction of utilities (gas, water, electric, telephone, etc.) other than drainage, the reconstruction of or resurfacing of any public way; the construction and associated grading of a street that has been approved by the Planning Board;
- The activity is the removal of earth products undertaken in connection with a sand, gravel or similar enterprise where such activity is allowed by zoning;
- The applicant has a cutting plan approved by the state forester and has complied with the provisions of MGL 132 sec 40-46 (Forest Cutting Practices); or
- The activity is emergency repairs to any utilities (gas, water, electric, telephone, etc.), stormwater management facility or practice that poses a threat to public health or safety, or as deemed necessary by the Planning Board.

I request the Stormwater Management Commission determine whether the proposed activity will have a substantial impact on the watershed resources, habitat, flooding, or overloading of the MS4 within which the activity will be performed.

C. Project Description

1. Please describe the activity.

2. Please describe the nature and scope of the proposed activity and its effect on the resources that are protected by this Bylaw. Use additional paper if necessary. Attach any maps or plans that will better describe the location and nature of the proposed activity. Plans need not be detailed engineering or architectural plans as long as the nature and scope of the activity is reasonably described.

D. Signature

I certify that the documents, plans and supporting data submitted with this Request for Determination of Applicability are true and complete to the best of my knowledge.

I understand notification of this request will be placed in a local newspaper at my expense.
