D. Appeals

The applicant, the owner, any person aggrieved by this Order, any owner of land abutting the land subject to this Order, or any ten residents of the city or town in which such land is located, are hereby notified of their right to request the Department of Conservation and Recreation (Department) to determine if other reasonable conditions should be imposed, or if such conditions should be modified in order to protect against a significant adverse effect on watershed resources or natural scenic qualities, or if conditions can be modified or eliminated without any loss of protection against any significant adverse effect on watershed resources or scenic qualities. The request must be made by certified mail or hand delivery to the Department within ten business days from the date of issuance of this Order. A copy of the request shall at the same time be sent by certified mail or hand delivery to the Conservation Commission and to the applicant, if he/she is not the appellant.
