

The Town of Dalton is excited to announce that its Community Choice Power Supply Program is able to provide great relief to residents on their electric bills this winter. Ratepayers will continue to enjoy the stable rate of \$0.09603/kWh which is 30 percent lower than Eversource's winter Basic Service rate of \$0.13702/kWh. The Town's product offering includes an additional 5% MA Class I Renewable Energy Certificates (RECs) above minimum state requirements, adding to the amount of renewable energy created in the state. Residents can expect to see an average savings of \$25 per month (based on average usage of 600 kWh/month) for the months of January through June 2022.

To join Dalton's Program, you can do one of two things:

1. Visit colonialpowergroup.com/dalton and click the OPT-IN button, then fill out and submit the Opt-In Form.
2. Call Dynegy at (866) 220-5696 and ask to join the Town of Dalton's Program.

For both of the above options, you should have your Eversource bill handy in order to provide some required information. Enrollments can only be processed on meter reads so it may take one or two billing cycles before taking effect. If you are currently contracted with your own competitive supplier, you should confirm with them that you will not incur any early termination fees or penalties for leaving their supply. You may OPT-OUT or OPT-IN at any time in the future with NO CHARGE.

Basic Service rates change twice a year or more, depending on rate class. As a result, the aggregation rate may not always be lower than the Basic Service rate. The goal of the aggregation is to deliver savings over the life of the program against Eversource's Basic Service. However, such savings and future savings cannot be guaranteed.

Eversource has several programs to help income-eligible families and customers needing special assistance meet their energy needs. To learn more visit eversource.com/content/wma/residential/my-account/billing-payments/help-pay-my-bill/discount-rate.

Residents may also contact Colonial Power Group, the Town's aggregation consultant, at (866) 485-5858 ext. 1 with questions about Dalton's Community Choice Power Supply Program or to OPT-IN or OPT-OUT.
